HIRAM BRAYER Proprietors

according to a statement of A. H. Baldwin, chief of the bureau of foreign and domestic commerce of the department of commerce and labor. This federal daily "newspaper" has a circulation of 20,000 copies, he says. and is eagerly read by exporters and manufacturers.

The new chamber of commerce of the United States has affiliated organizations of 100,000 members, according to Chief Baldwin, and is an important growing commercial ad-

Private banks and department cruise and gone to the marine "junk stores are planning to establish their heap." The Rush has been ordered own "money laundries." according to out of commission at San Francisco Assistant Secretary of the Treasury and will be sold at public auction Bailey. A number of banks and there. She is one of three wooden stores in large cities are inquiring vessels left in the entire navy and at the department as to the cest and revenue service. She was built at maintenance of money washing ma-Fort Blakeley, Wash, in 1885 and chines, similar to those installed in

"I find bankers deeply interested The new revenue cutter, Unalga, in the currency 'prophylaxsis,' " said ecently built at Newport News, will Assistant Secretary Bailey. "They, opens next spring in Alaska. The would be good advertising as well love, Md., for a long round-the-world tomers newly-laundried, clean mon-

Arrangements for installing the The most widely quoted daily pub- currency washing machines in Chilication in the United States is the cago, St. Louis, Cincinnati and New sub-treasuries are being made. Twelve machines are now being manufactured for the department. Four will be sent to New York, two to Chicago, and one each to New Orleans, St. Louis, Philadelphia, Baltimore, Boston and Cincin-

All of the government's money washing plants will be in full operation by January 1.

More appropriations for the new naval base at Pearl harbor in the Hawaiian Islands will be asked from congress this winter, it was learned today at the navy department. Additional funds are needed as a "defleiency appropriation," it is expected, to finish the mammoth new drydock there, as well as other extensive improvements. With the opening of the Panama canal it is expected that naval work on the coast will require much use of the Pearl harbor station.

Sugar beet growers of Colorado, California, Arkansas and other western states are being aided by the government in their fight against the "sugar beet webworm," a parasitie pest ruining beet fields.

The department of agriculture has issued a special instruction bullet to beet growers, written by H. O. Marsh, the entomologist, who has spent the last two years in investiga-

Sprays of paris green are the best remedies to kill the bugs. Marsh says. Mixtures of the polson with whale-oil soap or lime are recommended. Common laundry soap, he says, may be substituted. The Water at 62 1-2 cts per Acre cost of spraying is estimated at \$1 to \$2 an acre. Beet growers usually receive \$5 per ton for their beets.

The pests have caused a loss of from one to 5 tons of beets per acre, the agricultural experts deciare. In the Arkansas vatley alone, the loss in 1911 was \$100,-

"Old Bill," for five years a pensioner of the postoffice, is dead. "Bill" was a horse, a faithful servnor of Uncle Sam for 23 years, and a grateful government gave him five years of case in his old age before death.

"Old Bill" became a postal emplaye in 1884. For 22 years he did all of the drayage for the local postoffice and department. Then he was retired on "full pay," through the kindness of his driver, Caleb-Cleveland, and Merrit O. Chance, now secretary of the economy and efficiency commission. Chance was chief clerk of the postoffice department when "Old Bill" was pension. ed at the request of Cloveland.

The horse was estimated to be It years of age when he died, a patriarch of the postal service.

## LEASERS ON LITIGATION HILL HAVE GOOD ORE

SECURE PAYING ROCK ALMOST FROM THE START IN SINKING THEIR SHAFT

Special to the Bonanza

MANHATTAN, Sept. 25.—An excellent strike of milling ore has been made in their lease on the Litigation Hill Merger mining group by C. J. Gilbert and George Kerdich. For long time they were aware of the existence of a cropping west of their tunnel, showing on the steep side hill, which panned some values. After a great deal of delay they determined to sink upon the cropping. In a few feet they secured average as bring big results.

ARROW

says of \$6 a ton. Shortly their values increased to \$8. Now for a width of 16 to 18 inches on the hanging wall they have \$20 values easily, and the ore acts splendidly as to widening and other appearances as to regularity.

It is a fine looking quartz which pans some in free and a great deal of concentrates. Assays alone prior to a milling can determine its full There is ledge matter in value. reality for about five feet, but only that on the hanging side above is a commercial grade of ore. The hanging wall is a tale and shows that it is a fault plane, there having been quite a slip which smoothed its sur face down remarkably.

If a particular store can save you a dollar en some particular purchase you need to make, the ad in the Bonanza, which tells you where, and why, and when, has a cash value to you-don't you think?
